

## Distressed Chalkboard Crate

From the DecoArt Project library - <http://www.decoart.com/Projects/>

Here's a notable planter for a kitchen herb garden or a seed nursery made with Chalkboard Paint.

### DecoArt Products Required

#### **Chalkboard Paint**

CLDA DS90-4OZ - Black Slate

#### **Americana Acrylics**

CLDA256-2OZ - Sea Breeze

### Surfaces

Rectangular wooden crate from a greengrocer or salvage yard

### Supplies

$\frac{3}{4}$ " flat brush

Hand-sander or sandpaper

Palette or plastic plate

Water container

Chalk

### Instructions

1. Use  $\frac{3}{4}$ " flat brush and Sea Breeze to basecoat entire crate except first board on top row. Rinse brush.
2. Use hand-sander or sandpaper and distress all painted areas.
3. Use same brush with Black Chalkboard Paint and paint top row board. Let dry and apply second coat.
4. Put herb or other small plants into crate and label crate with chalk.
